# Employee Self Service

## Supervisor Time Approval
## User Guide

To access ESS, use the link
 ess.reed.edu
Your employee dashboard will open

From the dashboard, under "My Activities" select "Approve Time"

From the "Approval" section you can filter by department (that your credentials allow access), current and past

Here you have a summary of your employees time. You can return it back to the employee, or approve if the information is correct.
Selecting "Details" will take to to the detailed version of the employees time sheet.
NOTE: If a correction is found after employee submission cut-off, you cannot return the timesheet. You will need to make the change and add a comment explaining the change.
